

## **Bachelor of Science in Accountancy Curriculum**

The 2018 Bachelor of Science in Accountancy (BSA) curriculum is designed to prepare individuals who wish to pursue a career in the accounting profession. Through a balance of general education (GE) and professional accounting education courses, the BSA program of FEU allows for the mastery of the necessary skills and competencies for assurance and audit services, financial reporting, tax-related services, and management advisory services, among others.

The program consists of 4,578 hours of coursework, including the 600-hour industry internship in partner auditing, accounting and business firms. The curriculum also requires students to conduct accounting research work and feasibility studies.

The BSA curriculum is recognized and accredited by the Association of Chartered Certified Accountants (ACCA) for having integrated the required topics under their international certification.

Click or tap on each year level for more information about the list of courses per semester. You may also click on the course code and title for more detailed information about each course, including prerequisite courses (if any) and total number of hours per semester.
